Ahmad teaches to display "thumbnails" for identifying segments of primary information using keyframes, and their related secondary information, but Ahmad does not offer to teach to display "the semantic relations information between segments by the video browsing interface including key frames or key regions or text for displaying the semantic relations information between the segments".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
